**Ref: Sales/2024/Oman/001**

**Date: 1<sup>st</sup> January 2024**

**To Whomsoever It May Concern**

**Subject: Channel Partner Authorization**

We hereby confirm that M/s Salasel Electric Services, Nizwa, Oman is an Authorized Channel Partner for Dorman Smith Components & Systems in the region of Oman.

They are authorized to use Dorman Smith Switchgear, Control Gear and Power Quality Correction Components such as ACBs, MCCBs, MCBs, RCCBs, Capacitors, Reactors etc. in their Low Voltage Switchgear and Control Gear Assemblies.

They are also authorized to assemble Dorman Smith Standard Design Verified assemblies such as MCB (Load Centre bus bar type) distribution Boards, MCCB (Load Bank) panels boards and MODIS ULTRA Main Distribution Boards using Dorman Smith components and enclosures.

All genuine Dorman Smith components are covered by our standard warranty for Loose Gear Components, provided they are chosen and installed as per the applicable Electrical regulations and instructions provided with the devices.

M/s Salasel Electric Services, Nizwa, Oman is responsible for the design, assembly, quality control and warranty of the LV Switchgear assemblies supplied by them.

This letter is valid for one year from the date of issue and supersedes any other authorization letters issued previously.

**Yours Faithfully  
Krishnan P.R.**
